Hi Kevin,

The agenda below is for the broader EPA/DEQ team meeting right? In that case, I don't think we need to talk about the framework nor the source control. But these two topics could be our more in depth meeting if you are coming the day before to talk about SC and the framework. Is that still true?

On the EPA/DEQ team meeting, do you want to have the entire team there?

Have a nice weekend.

Thanks,

Hi Davis. Do you think we should hold back on discussing the implementation framework at the May mtg?

OK. Sarah will give the DEQ folks a heads up and solicit agenda items. I would like to take the train Tue (arrive either at noon or 4pm) and return Wed (depart 2:10pm). Sarah and I could do another focused work session with Davis Tue afternoon or Wed morning. The larger team meeting would occur by teleconference Wed with a short staff session (11am to noon) followed by the manager session (noon to 1pm). DEQ folks traveling to SEA would be Sarah and me (need to confirm with Sarah). The rest would call in. However, we may try to schedule time with Ecology on Tuesday which would bring Matt and Alex to SEA. Either way Tom, Nina and Bruce are unlikely to travel.

Hi Kevin, I was on the call. I have blocked Davis and a conference room all day, and I have blocked Cami for 8:30-1:00.

I'd like to collect more info before I reschedule everyone:

Likely agenda items and amount of time needed for the staff/management and the management only portions of the meeting. I'll email the PH leads asking for suggestions.

Hearing that you may be coming in the night before, what the actual start time should be.

Plans and timing for the afternoon you had mentioned leaving in the afternoon, and Bill had mentioned you and Davis meeting on key issues in the afternoon.

Thanks,
Debbie

Hi Deb. In light of EPA's intense schedule to release the proposed plan Cami, Davis and I agreed to move the May 11 team meeting to Seattle, from 10am to 1pm. Can you send an Outlook update to folks?

Thx. Kevin
